EEZZ takes care of everything when it comes to renting out your vacation home. We ensure you do not have to worry about anything that's involved in the rental process, giving you the freedom and ease to use your home away from home as a source of income.

Would you also like to use your accommodation yourself? That's not an issue! We offer three different options; we will explain them below\*:

### **Option 1: 'Rent'**

Your accommodation will be available for rent without the possibility of using it yourself. The provision rate is 32,5% per booking. There won't be any charge whenever there is no booking present.

### **Option 2: 'EEZZ'**

Your accommodation will be available for rent and you are allowed to schedule in when you would like to stay there. This is only possible outside of our peak season, holidays and vacations. The provision rate is 35% per booking.

### **Option 3: 'Relax'**

With this option, you are free to schedule in your own uses at any time. However, if there is already a confirmed booking, it needs to be respected. The commission per booking for this is 37,5%.
